# Summer Is Here!

Look Good, Feel Good  
And Be Prepared  
For Summer Emergencies.

# 5 Reasons Dr. Schulze's SuperFood Is The Absolute Best!

## 1) Created To SAVE LIVES

In his clinic, Dr. Schulze developed his SuperFood to save lives, not make a profit. Over three decades ago, when he first began flooding his patients' bodies with these extremely powerful super foods, MIRACLES happened. And from that moment on, making the most powerful herbal products has been his only mission!

## 2) Full of POWERFUL NUTRIENTS

SuperFood contains the highest concentration of organic and wild-harvested super foods on the planet. Each organic or wild-harvested ingredient is carefully chosen and prepared, and all are vegan/vegetarian, with no GMOs, no soy, no dairy, and no gluten. In fact, the final product is so nutritionally potent that we must place it in food-grade brown glass bottles to preserve this nutrient-density for as long as possible.

## 3) WINNER Among Leading Brands

Dr. Schulze's SuperFood is the most nutrient-dense, non-synthetic, best value superfood product on the market. While other brands claim to be complete and powerful super foods, their nutrition panel lacks in Daily Value (DV%); or they use cheap, synthetic nutrients, like Ascorbic Acid, to boost their numbers. See the comparison panel (at right) for the facts.

## 4) Rapid ASSIMILATION

When Dr. Schulze created SuperFood, he had to make sure it worked on his sickest patients; those who could not even digest food due to their weakened systems. This is why he used single-celled, nutritionally-dense plants to deliver potent, life-giving nutrients as quickly and easily as possible to every cell in the body.

## 5) PROVEN RESULTS

Over the years, we have shipped well over one million jars of SuperFood around the world, and our customers continue to rave about the benefits, from more physical energy and mental clarity, to clearer skin and stronger hair and nails, to a full reboot of their health and vitality! Just read this small sampling of powerful customer testimonials...

"Your SuperFood has changed my life and saved my Mother who will be 102 this summer. It literally brought her back to life. She'd been in bed for months. She was giving up and said she had no more energy left to live and asked God to "take her". I didn't know what to do, and she wouldn't do much. I just started making her a SuperFood drink every morning and afternoon. In less than 3 weeks she was up and puttering around the house and driving me crazy. Now she wants to go out all the time and the other day I refused to go out so she said, "WELL THEN LET ME DRIVE THE CAR."

— C.P. in Portland, OR

"I was in chemo three years ago. I could never even get up and make some tea. After I took SuperFood, in two days I was cooking all meals and in two weeks I was driving myself to the supermarket. It was a turning point in my life and still today I take SuperFood."

— N.H. in Calibbrook, NH

# Treat Summer Emergencies to Stay In The Game

Summer emergencies are a fact of life and there is nothing more empowering and calming than to be able to patch up most of these emergencies NATURALLY, without ever having to go to the hospital emergency room for six hours to get physically, financially and emotionally tortured. Take charge of yourself and your family!

Don't let summertime emergencies, like cuts, bangs, or stings stop the FUN. Stay prepared and get back in the game, FAST.

**FACT: Last year, the average visit to the Emergency Room cost \$2,168.00. OUCH!!!!**

Sure, if you're having chest pains or are really hurt, you need a doctor. But, for up to 95% of

summertime injuries around your home, you don't need to rush to the ER. You can patch-up loved ones at home quickly and get back to the FUN!

From cuts and scrapes to bites, sunburn, and heat stroke, Dr. Schulze's Summer Survival Guide gives you all the common sense tips and tricks you need to stay out of the ER, treat your family naturally, save thousands of dollars, and "stay in the game"!
