MAY 2016 KIDNEY DETOX REPORT

“There is nothing better than feeling awesome! This Special Report can make dreams become a reality this summer.”

— *Dr. Schulze*

6 ESSENTIAL WAYS
Your Kidneys Keep You Alive!

Plus, Dr. Schulze's
HOLLYWOOD SECRETS!

WHAT I WANT FOR YOU.

What I DON'T want for you is to become one of the 40 million Americans with kidney and bladder infections and diseases, or one of the 25 million Americans using adult diapers due to incontinence, or one of the 100,000 newcomers to kidney and bladder disease just this year.

A simple, seasonal 5-Day Detox could have reversed almost all of these nightmares...and still can! I want to make sure you don't become a disease statistic and are ready to start your seasonal Detox Programs!

This is why I continually come up with new ways to try and sell my platform and clinical program of prevention—great health and longevity—through taking a little more responsibility, upgrading your lifestyle and living healthier, right now!

I truly hope that every single month, when I write these Special Reports that I convince yet another group of Americans to abandon their sickly life of “managing” their diseases and being a pharmaceutical drug addict, for a new life of feeling great, having more fun, more health and living disease-free. I'll never give up on them! If I can save even one person each month, it's worth it to me.

Friends, there is nothing better than feeling awesome, having tons of energy, and laughing, loving, and being blissed-out, plus looking and feeling hot this summer. The information I give you in this month's Special Report can make this dream become a reality.

SUGAR & SODIUM

The top two culprits that overload and run down our kidneys are sodium and sugar. The prolonged result: Kidney Disease.

One of the most popular “on the go” lunches in America is a slice of pizza and a Coke. But, did you know that just one 12-oz can of Coke contains more than an adult male’s entire recommended sugar intake for the day (36 grams), and is almost double what a woman should consume (20 grams)!

KIDNEY DISEASE IS OUT OF CONTROL

KIDNEY STONES

More than 30 million people are expected to get a kidney stone—twice the amount of 30 years ago.

Ten years ago, kidney stones occurred in approximately 5.2% of the U.S. population. Today, due to high-protein diets and increased stress, about 20% of men and 10% of women can now expect to suffer from a stone during his or her lifetime.

INCONTINENCE

Over 25 Million adults suffer with incontinence and 1.7 Million of them need diapers.

Over the past 20 years, adult diaper sales have increased by 430% and become a \$1.7 billion industry!

Over the past decade, the number of Americans with kidney failure has doubled to more than 400,000 now being treated at a cost of \$25 billion annually.

DIABETES

422 Million people worldwide have Diabetes (more than the entire population of United States). This is a 400% increase in the past 20 years due to one thing... excess weight!

Over the past 50 years, diabetes has increased 600% in America, and it's reaching epidemic proportions

KIDNEY DISEASE & DIALYSIS

15 million Americans report kidney and bladder illness every year, 9 million of them are potentially deadly.

Over 100,000 people this year will be diagnosed with End Stage Renal Disease (ESRD) and put on dialysis.

After five years on dialysis, only about 25% of patients are still living. After 10 years, less than 8% are still alive.

“Kidney cleansing is the absolute BEST way to keep your kidneys and bladder eliminating your body’s waste and functioning at their PEAK! In the clinic, my 5-Day KIDNEY Detox worked 100% of the time to prevent and heal any type of kidney or bladder dysfunction.”

— Dr. Schulze

6 ESSENTIAL WAYS YOUR KIDNEYS KEEP YOU ALIVE

- 1) **Filters all of your blood every hour!**
All of your blood passes through your kidneys every four minutes! Just like the oil filter in your car, once your kidneys get clogged, they can't do their job.
- 2) **Regulates blood pressure!**
Nine out of 10 Americans will suffer from high blood pressure at some point in their lives.
- 3) **Assimilates vitamins and nutrients!**
Low blood sugar, headaches, fatigue, drowsiness, low energy—these are all linked to poor nutrient assimilation by your kidneys.
- 4) **Manages production of red blood cells!**
Your red blood cells carry oxygen to every cell in your body. If your kidneys are not working efficiently, your red blood cell count can waver drastically.
- 5) **Regulates body fluids!**
If you suffer from dehydration (too little water) or edema (too much water), your kidneys are definitely out of balance.
- 6) **Produces active Vitamin D!**
Vitamin D promotes strong, healthy bones and reduces your risk of cardiovascular disease, hypertension and osteoporosis.

The Healing Benefits of a Dr. Schulze **Kidney Cleanse**

In his clinic Dr. Schulze discovered that, even though your kidneys are complex, keeping them healthy and doing their job efficiently is actually very simple... and it's one of the most important things you can do for your health!

You see, every organ in your body—in fact, every one of your 100 trillion cells—have the same two basic functions: In and Out, In and Out, In and Out. Assimilate nutrition IN; and eliminate waste OUT. And, when it comes to the OUT (the

elimination of waste), your body only has two major ways to remove this waste. Your solid waste is removed by your bowel, and your liquid waste is removed by your kidneys and bladder.

Dr. Schulze's 5-Day KIDNEY Detox is the absolute BEST way to keep your kidneys and bladder eliminating your body's liquid waste and functioning at its peak. Routine cleansing of your elimination organs is **MANDATORY**, not optional, to build and maintain your health and vitality.

Detox your kidneys and cleanse your blood for vibrant health!

5-DAY KIDNEY DETOX

If you want to stay healthy, keeping your kidneys in good working condition is essential. Every organ in your body depends on your kidneys staying healthy and strong. In fact, all the cells in your body need nutrition brought in and waste eliminated out, and they need your kidneys to do this!

Clogged and sluggish kidneys impact every system of the body, because your kidneys are such a key part of delivering essential vitamins and oxygen to your cells and getting waste and toxins out.

In the clinic, my 5-Day KIDNEY Detox (which includes K-B Formula, K-B Tea and Detox Formula,

along with the Kidney/Bladder Flush Drink) worked 100% of the time! Whether it was a person's first or 50th kidney complaint, it always worked!

Kidney health is not so difficult to manage with my 5-Day KIDNEY Detox. Herbs are the safest and most powerful way to support your kidneys and urinary tract. They work mostly by increasing your flow of urine, which naturally flushes and cleans your urinary tract.

Do my 5-Day KIDNEY Detox, along with the Kidney/Bladder Flush Drink, and your kidney complaints will be gone!

PROGRAM INCLUDES:

INTESTINAL FORMULA #1

The human body is a metabolic engine. Every system, every organ, every cell of the human body takes in fuel to run and eliminate waste material. The majority of this waste is deposited into your colon. In fact, the average American stores from 10 to 12 pounds of fecal matter in his or her colon.

If this toxic waste isn’t regularly eliminated, it will cause your body to be backed up with poisons, making it sluggish and unhealthy. Dr. Schulze designed Intestinal Formula #1 to help his patients rid themselves of accumulated toxic waste.

CONSTIPATION CAUSES MANY PROBLEMS
Everything in your body has its place and there is no extra room. If one organ swells, then another organ gets compressed or crushed. Organs don’t work well when they are crushed, and circulation gets interrupted. Every organ needs good circulation to bring nutrition in and get waste out, in order to be healthy.

A constipated colon can cause an almost endless amount of seemingly unrelated diseases and problems. Intestinal Formula #1 eliminates constipation and promotes regular, complete bowel movements.

BOTANICAL INGREDIENTS:

Curaçao and Cape Aloe Leaf, Senna Leaf and Pod, Cascara Sagrada Aged Bark, Oregon Grape Root, Hawaiian Yellow Ginger Root, Garlic Bulb, Habanero Pepper

Powerfully promotes regular and complete bowel movements!

- ✓ The BEST BOWEL CLEANSER on the planet
- ✓ STIMULATES and STRENGTHENS the muscular movement of the colon
- ✓ CLEANSE and DETOXYFY your body of accumulated waste

REAL PEOPLE. REAL RESULTS.

I'm so glad I did it.

“I did your full 30-Day Detox program before my husband and I got pregnant, and I'm so glad I did. I have been a vegan for 17 years, so I didn't think the detox would be that big of a deal. It was incredible! I felt like I could run across the country, I had so much energy. Love it! The 5-Day LIVER Detox was the hardest for me. My body really detoxed from that one. We got pregnant a few months after that, and I am having a fantastic pregnancy. Feeling great. Thank you again for all you do.”
