JULY 2017 **SPECIAL REPORT**

SUMMER **SEX** ISSUE

Ignite your passion, restore your
libido and have more FUN!

MORE **SEX** = MORE **HEALTH**

Friends,

It is medically proven that the more sex you have, the healthier you become. And, the healthier you become, the more sex you have, and on and on and on.

I know this fact, therefore, as part of my health routine, I have a lot of sex (that's my excuse). Look, I just turned

65, and because my older brother Larry had prostate cancer three years ago, he and his urologist demanded that I join him on his next visit and have a prostate exam. So, last year I joined my brother on his office visit, but with absolutely no intention of having this exam.

Besides enemas and colonics, my rectum was virgin territory and I had every intention of keeping it that way. But, after a half hour of arguing and a half gallon of KY Jelly, I finally submitted to his doctor's rectal probing. To the doctor's surprise, he said I had the prostate of a 20 year old. I asked why he thought that was and he asked, "Are you healthy?" I said yes. Then he asked, "Do you have a lot of sex?" I said yes. And then he said, "That's why." So, here it is again friends...He said the healthier you are, the more you want to have sex, and the more sex you have, well, the healthier you are.

Like I said, it is medically PROVEN, a well-documented medical FACT, that the more SEX you have, the HEALTHIER you become.

What's the Bottom Line? Sex is FUN and it feels GREAT, but most important—it creates HEALTH! The benefits of sex have been PROVEN to extend far beyond the bedroom. So come on, it's summer...GO HAVE MORE SEX! That's an order!
