Dr. Schulze's **SPECIAL REPORT**

OCTOBER 2014

ARE YOU **SAFE?**

Cold & Flu Season is HERE...
Antibiotics are useless!
Flu shots won't protect you!

4 MILLION Americans will
get infected every day.
Hundreds of thousands
will be hospitalized.

50,000 will DIE.

**Protect Yourself by
Acting NOW!**

**MYSTERY VIRUS ATTACKING
CHILDREN ACROSS THE U.S.**
See page 5

**EBOLA UPDATE ARE WE ON THE
VERGE OF A VIRAL PANDEMIC?**
See page 3

IT WORKS!

MY CUSTOMERS PROVE IT!

“ Colds and flu can be prevented and if a person is already sick, they can get well fast! ”

— Dr. Schulze

IT WORKS!

It is NO SURPRISE. This is what I saw in my clinic for decades, but now it's hitting the mainstream media on a huge scale. Furthermore, thousands and thousands of customers are writing in with their miraculous success stories about rapidly healing themselves from their colds and flu. In fact, many of them say they have PREVENTED getting sick when everyone around them was dropping like flies and getting infected. (Read the letters on the next page.)

At the same time, more and more research is hitting the news and even medical publications about what Echinacea angustifolia root and Echinacea purpurea seed is doing for the immune system, and fighting common colds and influenza.

Even the distinguished Physicians Desk Reference reports the results of placebo controlled double-blind studies, which prove that Echinacea use causes a...

- ▶ Significant DECREASE in Cold & Flu INFECTIONS
- ▶ Significant REDUCTION in Cold & Flu SYMPTOMS
- ▶ Significant RAPID RECOVERY from Colds & Flu (50% Faster)

And more...

Research now proves Garlic's amazingly potent phytochemicals are powerful and natural broad-spectrum antibiotics, IMMEDIATELY KILLING bacteria (both gram-positive and gram-negative) that cause colds and upper respiratory infections, and how it's a potent virus killer, too.

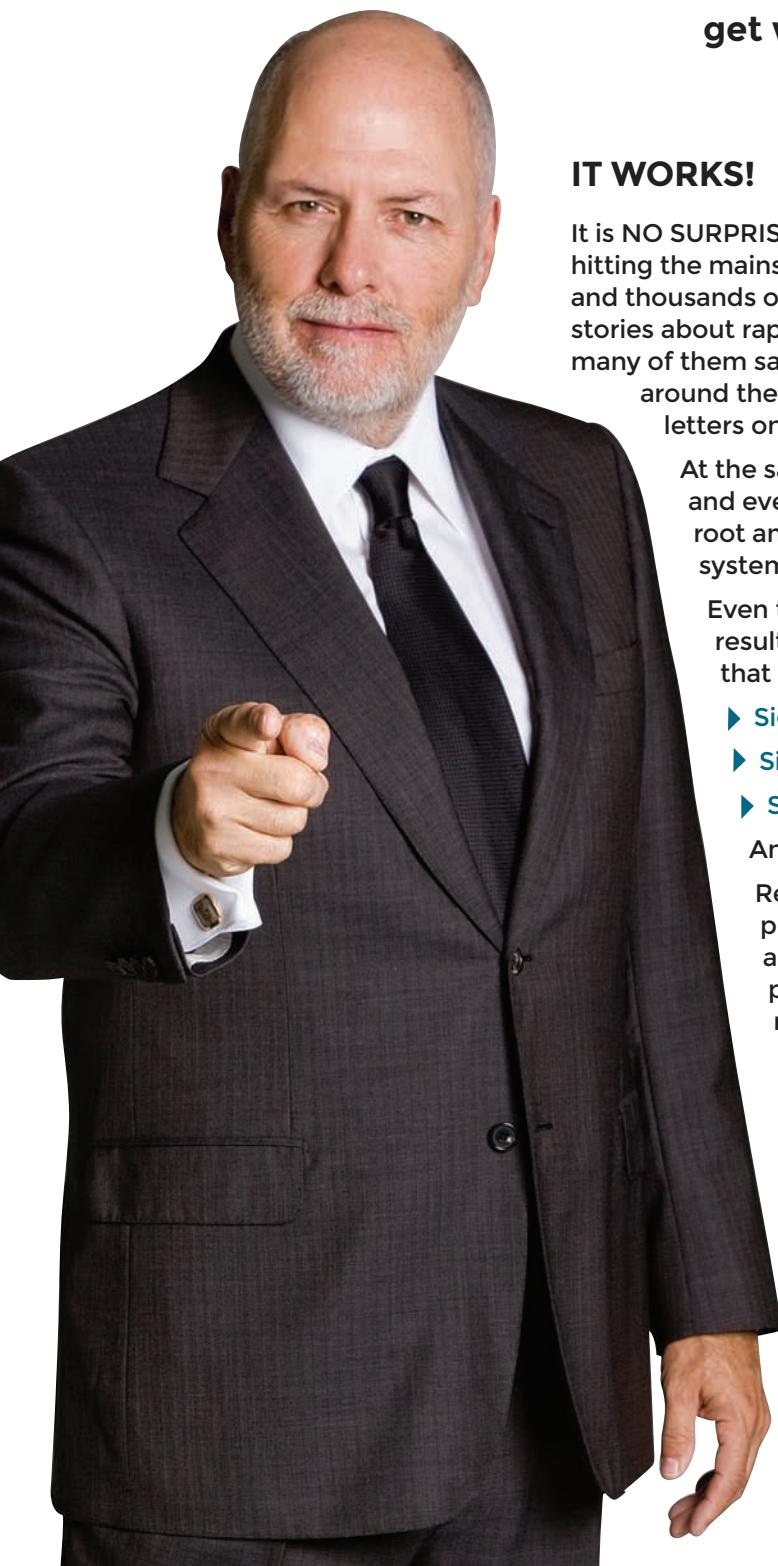

And more...

Further research is hitting the news daily about the miraculous effectiveness of fighting colds and flu with the Vitamin-C Complex that is found in Acerola cherries and other fruits (but not Ascorbic Acid).

And there are hundreds more studies, like the ones on Onion for fighting infections, Horseradish for sinus infections, and Lobelia, which is listed in the medical Merck Index as an expectorant and respiratory stimulant, and on and on and on...

But instead, I will let my customers SPEAK for themselves!

Dr. Schulze

My Customers Prove It WORKS!

A miracle!

"Thank you so much for your brilliance and compassion. My mom had just returned from a 5-day hospital stay (bronchitis and pneumonia) and she was actually feeling worse when she was discharged. She started the Cold & Flu Herbal 'SHOTS'... A miracle! She is no longer coughing, has stopped using her oxygen, is feeling stronger and has more energy. We are so grateful!"

— Elise R. in Los Angeles, CA

Beating the odds

"On a recent trip to Spain, I took Air Detox, SuperFood Bars and Cold & Flu Herbal 'SHOTS'. No illness at all, and many of our co-travelers did have colds and symptoms. I did offer to share!"

— Ann D.

Haven't been sick

"I used to get three or more colds every winter, which lasted weeks, and now I get NONE! In fact, I haven't been sick in four years, since I started following your prevention advice using your Cold & Flu Herbal 'SHOT'. Thank you, Dr. Schulze!"

— Theresa J.

Gone the next day

"I had been fighting the flu for several weeks. I tried Dr. Schulze's Cold & Flu Herbal 'SHOTS'. I took two shots and my fever was gone the next day. Thank you, Dr. Schulze!"

— Sherisse D. in Colton, CA

God bless you!

"I work in local hospitals—sick staff, sick patients—and using your Echinacea Plus and SuperTonic, I haven't had the flu in years. God bless you!"

— Connie B.

EBOLA OUTBREAK

2,500+ DEATHS
4,400+ CASES
8 COUNTRIES

THE LARGEST EBOLA VIRUS OUTBREAK EVER

Death toll passes 683, 1,420...2,500 and rising!

- There is NO Vaccine and NO Treatment
- Fatality Rate as High as 90%

I applaud the brave medical doctors who travel to the most impoverished and disease-ridden areas of Africa, where eating bats is a delicacy and villages have overflowing open trenches of human waste, to try and help people who are dying from the world's deadliest infectious diseases. But these doctors don't even know enough about the disease to prevent infecting themselves. Then, when they do get infected, we fly them back to America for treatment. Does anybody but me see the horrific stupidity in bringing these diseases onto our soil?

It is now well documented that the worst global killer pandemic ever, which killed 100 MILLION people in two years, the Spanish Influenza, that the

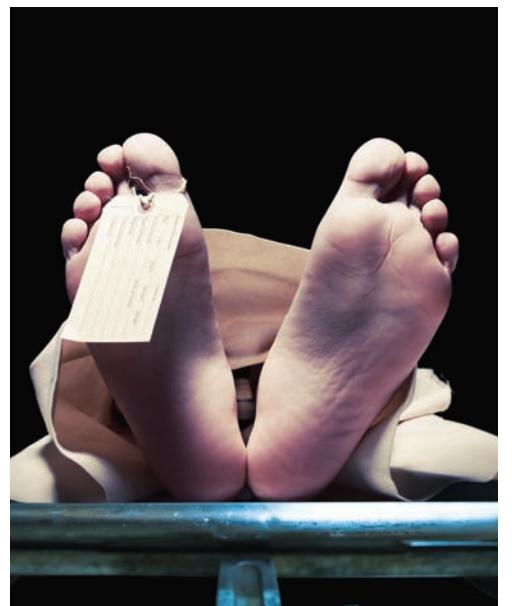

wartime troop movements sped-up the spread of this pandemic, increased the transmission rate and augmented the mutation of the virus.

Now just imagine with modern air travel, and people traveling the globe in a single day—from Africa, Europe and Asia—to our shores in a few hours. This could happen again. The media has several shows depicting plagues in our future, like the TV show "The Last Ship", which is about a plague that kills almost the entire world. Maybe it is closer to reality than we think?

My bottom line: Better keep your guard up with PREVENTION, my friends. See my "9 Proven Tips" for preventing colds, flu—literally ANY virus—on pages 6 and 7 of this Special Report.

VACCINES ARE WORTH LESS AND MORE BAD NEWS!

50,000 DEAD FROM FLU IN THE NEXT 180 DAYS!

To put this number in perspective...

FACT This is FOUR TIMES higher than the Murder Rate!

FACT MORE than all of the people killed in Auto Accidents including drivers, passengers, pedestrians, motorcyclists and bicyclists!

FACT MORE than the people that are killed each year from Breast Cancer or Prostate Cancer!

FACT AND MUCH MORE than the amount of people that will die from Tetanus, Sexually Transmitted Diseases, Airline Crashes, Lyme Disease, Candida, Parasites, Electrocution, Measles, Mumps, Malaria and all the crazy things that my patients used to worry about!

ONE BILLION INFECTIONS!

FACT This means FOUR MILLION Americans will get sick EVERY DAY this winter!

FACT The average American will get over THREE INFECTIONS in the next six months!

FACT 250,000 Americans will be HOSPITALIZED!

Now, in light of these horrifying statistics, doing a minimal amount of Cold & Flu PREVENTION (and also knowing Natural and Effective Home Treatments for you and your family) makes a lot of sense, both "common sense" and "financial cents"!

FLU VACCINE IS POISON!

FACT Last year, there were over 93,000 reports of reactions, hospitalizations, and injuries (including over 1,000 deaths) due to the flu vaccine.

FACT The latest flu vaccines contain inactive dog kidney cells and DNA, as well as beta-Propiolactone, a known carcinogen.

FACT Formaldehyde, found in flu vaccines, is an embalming fluid that causes cancer.

FACT Mercury, used as a vaccine preservative, is an extremely toxic heavy metal that kills brain, nerve and immune cells.

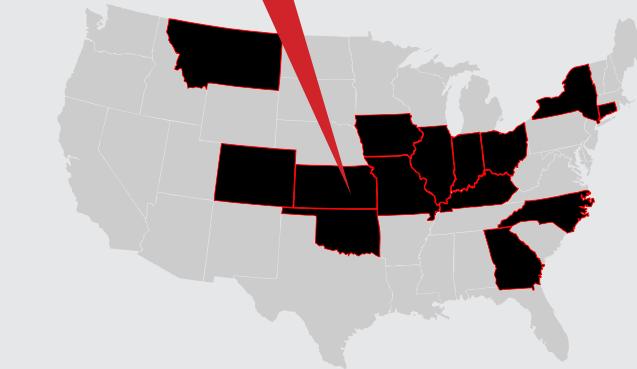

FLU SHOT SCAM!

FACT Dr. J. Anthony Morris (former Chief Vaccine Control Officer at the FDA) states: "There is no evidence that any influenza vaccine thus far developed is effective in preventing or mitigating any attack of influenza. The producers of these vaccines know that they are worthless, but they go on selling them anyway."

FACT There are literally thousands of strains of influenza, and they are ALWAYS mutating. This is what makes it possible for you to get infected multiple times in one year, and also why it is impossible to accurately design a flu shot. But regardless of these facts and since trillions of dollars of profit are at stake, every year medical health officials and pharmaceutical companies produce a new flu vaccine.

FACT As you can guess, the "flu experts" are always wrong, and most of the time, way off. A few years ago, they predicted that the Shandong, China, Texas, and Panama strains would attack, thus millions of Americans were vaccinated with these potentially lethal virus strains. But, when flu season erupted, it turned out to be the Johannesburg, South Africa and the Beijing, China strains! They weren't even close. Almost every single year medical officials are forced to admit that millions of people in America have been vaccinated with influenza strains that never existed.

"MYSTERY VIRUS" INFECTS OVER 1,000!

FACT Right now we are hearing reports of a 'mystery virus' that has infected over 1,000 children in over a dozen U.S. states.

FACT This new enterovirus spreads just like a common cold (through contact with infected people and surfaces), but it can quickly cause asthma-like symptoms, totally closing off the respiratory passageways in a matter of hours!

FACT This enterovirus was first detected in the 1960s, but it has obviously mutated again, since this is the single largest outbreak we've ever seen in the U.S., in a very short timeframe.

DR. SCHULZE'S 9 TIPS

TO PREVENT COLDS AND FLU

1 Avoid sick people

This is the most important tip on this whole list. The reason is simply that if you do get infected with a cold or influenza, it will be by another person or their saliva or bodily fluids. The absolute number one way to avoid infection is simply to avoid infected people.

2 Breathe clean air

If you must be around others, try to keep the air as fresh and clean as possible. One way to make sure the air you are breathing is "droplet free" is to place an air purifier in your home or office that has an ionizer and a HEPA filter to literally destroy and "filter out" the infected material, before you inhale it.

An additional way is to liberally spray my Air Detox throughout the room you are in, multiple times a day. The pure essential oils in this formula will kill bacteria and virus on contact, which will also prevent you from getting infected.

3 Wash your hands often

This time of year, you are coming into contact with more infected bacterial and viral "droplets" than at any other time of the year. In fact, many medical researchers believe that the bacteria and viruses in these droplets

can stay alive, active and dangerous for up to eight hours; some believe even longer. The only way you can protect yourself from this exposure is to constantly wash your hands this time of year (at least every hour) especially when you are out and about. Washing your hands with soap and water will kill the virus and wash it away, before it has a chance to infect you.

4 Keep your fingers away from your nose, eyes and mouth

On your hands, infected "droplets" are harmless and won't hurt you, but if you put your fingers into your nose, eyes or mouth, the bacteria and virus can now easily transfer and enter your upper respiratory tract, and now the infection is in your body. Frequent hand washing is only part one of this preventative practice, but not inserting your fingers into your mucous membrane tissue is part two.

5 Keep warm

Over the past decade, there have been more and more scientific and medical reports linking the body getting chilled to effectively lowering your resistance and making you more susceptible to getting a bacterial or viral infection. New studies now show that people who are exposed to cold for longer periods of time have more cold and flu infections than those that are not. So, bundle up and stay warm out there. It will keep your immune system strong.

6 Get more movement and sun

Your immune system totally depends on you moving your body to massage and pump your white blood immune cells around your lymphatic system. No movement, no immune system circulation! Naturally, we all slow down during the winter months, so make sure you are getting some fresh air and moving every day. I want you to sweat, bend and stretch. Just move your body for an hour every day.

Also, new research shows that low Vitamin D levels are closely associated with an increased risk of getting cold and flu infections. And, the best way to boost up your Vitamin D is simply to get outside for 10 or 15 minutes a day.

7 Get 8 hours of sleep

Many studies have now concluded that lack of sleep (less than seven or eight hours) can more than double your chances of getting a bacterial or viral infection when exposed to it, compared to people who got a consistent eight hours of sleep each night.

8 Avoid negativity

Negative people, angry people, argumentative people, dysfunctional people, emotionally and spiritually unwell people will give a negative blast to your immune system as effectively as junk food, sugar and tobacco. So, stay clear.

I would also avoid any concentrated negative input like the television news that rolls up all the most horribly, horrifying and worst things that happened on the planet today and spews it back to you in a 30-minute immune destroying blast. I prefer to know that 99.999999% of the people on this planet had a pretty great day today. There was one person who had their arm torn off by a crocodile, and I don't want to know about that!

9 Start preventative natural medicine

The BEST PREVENTION during cold and flu season is to get your immune system operating at peak performance!

FIRST I need to get your immune system STIMULATED this time of year, I need to get it TUNED UP, ENERGIZED—I need to get it in OVERDRIVE all winter long!

And, the absolute best way to do this is by using my **Cold & Flu Herbal "SHOT"**!

Using my "SHOT" every day, for the first six days of every month, will power up your entire immune system and tell it to make more immune cells, more immune chemicals, to make sure you are well protected, BEFORE any bacterial or viral attack. This is PROACTIVE PREVENTION, my friends.

SECOND My **Cold & Flu Herbal "SHOT"** will tell—actually FORCE—your body to make many more immune cells and immune chemicals. But, your body cannot build these from pizza and beer—it NEEDS POWERFUL NUTRITION!

Beyond eating great, I need to blast your blood with the most powerful and easy to assimilate nutrition I can, and the best way to make that happen is by using my **SuperFood PLUS**, EVERY DAY! This way, when your body needs to build up your immune system, you have the power to do it!

The **Cold & Flu Herbal "SHOT"** and the **SuperFood Plus** are the most powerful herbal duo to protect you and your loved ones all winter long!

COLD OR FLU LAST YE AR? DON'T LET IT HAPPEN AGAIN

Could Dr. Schulze have discovered the ultimate weapon to cure the common cold?

A few years back, in his endless quest for making things better, Dr. Schulze pre-blended his two most powerful formulae to strengthen your body's natural defenses against seasonal attacks.

He combined Echinacea Plus and SuperTonic in one formula, and added many potent herbs and a large dose of Acerola Cherries to give you 1,000% (10 times) your needed Vitamin C—a powerful cold and flu fighting nutrient—all into one formula...

My Cold & Flu Herbal "SHOT"!

✓ What I put in it...

12 droppersful of my Echinacea Plus, 6 droppersful of my SuperTonic and enough organic Acerola cherry to give you an assailable blast of natural Vitamin-C (actually 1,000%–10 times—your RDI)!

✓ What I added to it...

A dozen more herbs that I used in the clinic that are powerfully effective for the sinus, tonsils, lungs, fevers, etc.

✓ What I left out...

This formula is made using only the most potent organic and wild-harvested herbs, with no chemicals, no sugars and no junk!

✓ How to use it...

Just take it, shake it, open it, knock it back, gargle and swallow! Nothing could be simpler or more potent!

" My Cold & Flu Herbal "SHOT" is already premixed and premeasured, and includes a whole range of additional herbs for enhancing your body's natural defenses against seasonal attacks. The BEST just got a whole lot BETTER!"

— Dr. Schulze

COLD & FLU PREVENTION

All you have to do is empty all the contents of the Cold & Flu Herbal "SHOT" into a sports bottle and add up to 16 ounces of water and/or juice, and you have the Prevention Drink.

COLD & FLU TREATMENT

If you get that "uh-oh" feeling, simply take a Cold & Flu Herbal "SHOT", shake it up, open the cap, drink it straight out of the bottle, gargle, and swallow it! Now you have the perfect treatment for any cold or flu. Nothing could be easier, simpler and faster... and more potent!

✓ SUPERCHARGES your immune system to better protect you during winter months

✓ 1000% RDA of Vitamin C using Organic Acerola Cherry

✓ Contains 20 POTENT herbs, premixed for easy use

✓ The most POWERFUL AND CONVENIENT herbal "shot" on the market

What Our Customers Are Saying...

Ready to conquer the world!

"Dr. Schulze, you never cease to amaze me! This new magical formula washes EVERYTHING out! It was Wednesday afternoon and I was feeling terrible – I knew I was in for one of those six day flus. But the president of my company says Dr. Schulze has a new magical formula. Why do I even doubt Dr. Schulze, because after I had my 6-pack, I was ready to rock-n-roll and conquer the world!"

— David N. in Los Angeles, CA

Botanical Ingredients
Echinacea Root and Seed, Garlic, Habanero, White Onion, Ginger, Horseradish, Acerola Cherry, Elderberry, Blackberry, Yarrow, Boneset, Desert Sage, Lobelia, Elecampane, Kola Nut, Coffee, Licorice, Cherry Bark, Horehound, Coltsfoot, Fennel, Thyme

DR. SCHULZE'S 10 STEPS

PROVEN TO BEAT COLD & FLU

“ Hundreds of thousands of my patients and customers have been able to defeat colds and influenza within hours with this extremely aggressive natural counter attack! ”

— Dr. Schulze

1 Stop eating

One of the first things to do is to STOP eating. There have been many old-time anecdotes about “feed a cold and starve a fever.” Or, was it the other way around? What did grandma say? Well, it doesn’t matter, because it is simply starve everything. The best way to prepare to wage war is to stop all food intake, until you are feeling strong and in the clear.

2 Start juicing

Instead of eating food, immediately get out the juicer and start juicing, and stay on pure water, herbal teas and fresh organic fruit and vegetable juice until you are well, even for a few days after. And, drink plenty of them. Drink at least one gallon a day of liquids, until you are well. Flush yourself out real good!

3 A heroic dose of herbal medicine

At the first sign of that “uh-oh” feeling, I want you to immediately take one of my Cold & Flu Herbal “SHOTS”! Take about half of the bottle’s contents into your mouth and

gargle for at least 30 seconds, covering your tonsils and then swallowing the contents. Then, immediately do this again, using the second half of the bottle.

Also, now that we know that you are infected, I want you to take a DOUBLE dose of SuperFood Plus, so you can build the most powerful immune system and most lethal immune response.

Lastly, get chopping and consume some raw garlic now, at least three cloves, just chop it and swallow it if necessary, but just get it down.

4 Prepare

It is also a good idea to prepare yourself mentally for an aggressive Natural Healing program over the next few days, so you might need to call in for a day off work and/or cancel a few appointments or plans, at least modify your schedule. It’s time to take a break and focus on healing!

Now is also the time to make sure you have the water, herbal teas, fresh fruit and vegetables to juice, or the juice itself, the herbal medicines, garlic, ginger and everything else you need to launch and maintain your aggressive purification. If you are missing anything, it may be time to call in a favor. Call a friend, relative or someone you live with and give them a list of your needs—but, get what you need in your kitchen and into your house.

5 My cold & flu “busting” hydrotherapy bath!

My Cold & Flu “Busting” Hydrotherapy Routine has many actions on your body. First, this routine will make you sweat, and sweat profusely. This will help to detoxify and purify your body.

Next, this routine will increase your body’s temperature. Remember, for every degree of temperature rise in your body, the speed at which your bacterial and viral fighting white blood cells can travel is doubled!

For specific details on how to do this powerful bath routine, be sure to read page 60 of my “Cold & Flu Manual”, free at www.herbdocblog.com!

6 Take another Cold & Flu Herbal “SHOT”

Gargle and swallow another Cold & Flu Herbal “SHOT” as described in Step #3.

7 Prepare your bedroom

Now, make sure your bedroom is ready for you to get some rest. You should have all the water, herbal teas and fresh juices you need right near your bed, so you don’t have to get out of bed to consume them.

You should have your Air Detox there also, and spray it around your bedroom, bed and pillow (remember, it is herbal oils, so it can stain). Have a few extra blankets around, as you may cool off a bit after you fall asleep, and I want you to stay warm. And, if the weather is not too horrible, I want you to crack a window open so you get some fresh air, even if the air is cold. Remember, rest is a major healer to assist your body to do its fighting.

8 Stay positive

Instead of depressing yourself with the idea that you are infected, I want you to get powerfully positive with the focus of aggressive purification. No matter how you do it, there is one great truism that I learned in my clinic, and that is that “Nothing positive ever comes from being negative”! So get positive. Being positive is a turbo-charger to your immune system. It turns on all of your survival, self-healing and self-repairing mechanisms, making you stronger and healthier.

9 Get clean inside!

First, if your bowel has not been working well (and I mean if you have not been having regular, frequent and normal bowel movements every day), then I would also use an enema, and get all of the accumulated waste and toxic poison out of your body. It will be a lot easier for your body to heal itself if it isn’t filled with poison, so give yourself a high enema.

Even if your bowel is working OK, you still might consider using a few capsules of my Intestinal Formula #1, or even my Bowel Flush “SHOT”, or any of my other intestinal cleansing formulas to help you flush out any accumulated waste and toxins.

10 Potassium broth

This is a classic “Potato Peeling” Potassium or Healing Broth that has been used by grandmothers and Nature Cure doctors (is there a difference?) for a millennium. It is basically vegan (non-chicken) soup.

Dr. Schulze's Potassium Broth Recipe

Fill a large pot up to a few inches below the top with:

Ingredients

25% Potato peels

25% Chopped whole beets and carrots

25% Garlic and white onions

25% Dark greens (beet greens, kale, collard, spinach, etc.)

Add a few hot peppers to taste

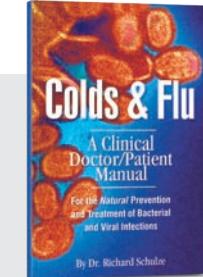

(Note: Purchase beets with the leaves and stems attached and use the leaves and stems for part of your dark greens.)

Directions

1. Add enough distilled water to just cover vegetables and simmer on very low temperature for one to four hours. Do not boil.
2. Strain and drink only the broth.
3. Make enough for two days, and refrigerate the leftover broth the first night.
4. Use only organic vegetables! We do not want to consume any toxic, immune suppressive insecticides, pesticides or inorganic chemical fertilizers. That is what we are flushing out of the body.

EASY REFERENCE CHART TO FIGHT OFF ANY SYMPTOMS

Over the years in my clinic, thousands of patients were able to defeat colds and flu within hours with an extremely aggressive natural counter attack! My specific treatment programs and herbal medicines helped my patients to quickly fight-off ANY cold or flu symptom and get back on their feet FAST! The following "Quick Reference Charts" will show you exactly what you need to do...

To find out more, read my **FREE Cold & Flu Manual** at herbdocblog.com

Dr. Schulz

FEVERS

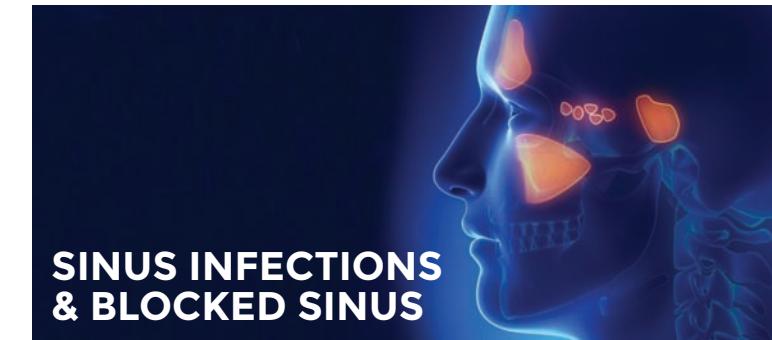

SORE THROATS & TONSILLITIS

- 1st Start drinking more fluids (water, herbal tea, fresh fruit and vegetable juice)
 - 2nd Take a Cold & Flu Herbal "SHOT"
 - 3rd Take a Cold & Flu 'Busting' Hydrotherapy Bath
- First, a fever is simply your body's natural response to being infected.
- In fact, for every degree that your temperature rises in your body, the speed at which your white blood cells can travel to find and kill the infection is DOUBLED. This process is called leukotaxis and if you are running a 104-degree fever, this means that your immune cells are speeding through your body at a rate 64 TIMES FASTER than normal.
- Remember, the ONLY danger of a fever is if you let yourself become dehydrated, so START drinking and FLOOD YOURSELF with pure water, herbal teas, and fresh organic fruit and vegetable juices.

To learn more, see my Cold & Flu Manual at herbdocblog.com.

For some, a sore throat can be the worst part of a cold or flu, and the most painful. For many, it is their first sign that they have been infected and are coming down with a cold or flu. This is simply because the tonsils and adenoids are one of our FIRST DEFENSES against infections, and when they swell up and become painful, that is simply because a battle line is being drawn there and the battle is being waged between your immune system, your immune cells and the invader. Anything you can do now to assist your defense forces is really appreciated by your immune system. So, let's get in there and do some extra healing.

Follow my seven steps for treating sore throats and tonsillitis, and to find out more, see my Cold & Flu Manual.

SINUS INFECTIONS & BLOCKED SINUS

- 1st Take a Cold & Flu Herbal "SHOT"
- 2nd Start my 10-STEPS to beat any cold or flu
- 3rd Spray Air Detox
- 4th Apply some Deep Tissue at the opening of each nostril and also massage it into your forehead and sinus with strong deep pressure
- 5th Start grating up some fresh Horseradish root
- 6th Next, chop up some fresh White Onions
- 7th Also, chew and eat some of the grated and chopped foods
- 8th Breathe deeply until sinus passages open up

If you have a stuffed up nose and a head cold, or even a lung infection, my Air Detox is a real blessing. Use it liberally in your home, your shower or bath, and even on your pillow at night.

You can also use my Deep Tissue Ointment as a chest rub at night for sinus infections, head colds, stuffed-up and blocked nasal passages, as well as for lung congestion.

To find out more, see my Cold & Flu Manual, where I tell you all about my "White Onion and Horseradish Root Sinus Decongestant Routine" that worked every time in my clinic.

LUNG INFECTIONS & CONGESTION

- 1st Take a Cold & Flu Herbal "SHOT"
- 2nd Start my 10-STEPS to beat any cold or flu
- 3rd Spray Air Detox
- 4th Take Lung Tonic
- 5th Apply Deep Tissue rubbed into the chest

Lung infections should be taken very seriously for many reasons. One is that you can go months without food and you can even go days without liquids, but you can only survive a few minutes without air. I hear people all the time talking about which nutrient is the most important. Vitamin A? Vitamin C? Well, it's not either of them. It is AIR!

Air is by far the most primary nutrient to the human body and without it, you are dead in minutes. Any infection or illness or dis-ease that is inflaming, swelling up and clogging my lungs, well, I consider it as important as if it were clogging up my heart. So, get aggressive and get to work!

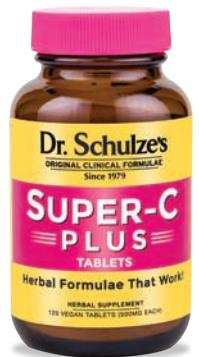

MORE POWERFUL PRODUCTS TO BEAT ANY COLD AND FLU

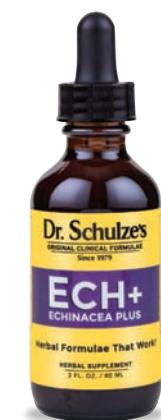

No one wants to spend two weeks flat on their back with a burning, painful sore throat, chills, runny nose, coughing, nauseous, congested, aching, sneezing and being just plain miserable! With over 20 years of clinical experience keeping himself and his patients cold and flu-FREE, Dr. Schulze knows exactly what it takes to stay healthy all winter long. Don't wait until you get sick to start taking care of yourself. Use Dr. Schulze's clinical herbal products and spare yourself weeks of unnecessary suffering!

SUPER-C PLUS

- ✓ Over 500% Vitamin-C COMPLEX per serving
- ✓ A 100% organic and wild-harvested blend of the finest berries, herbs, fruits and vegetables available

Botanical Ingredients Dr. Schulze's High-C Combination: Wild-Harvested Camu-Camu Berry, Organic Acerola Cherry; Dr. Schulze's High-Bioflavonoid Combination: Organic Rose Hips, Organic Orange Pith and Peels, Organic Lemon Pith and Peels; Dr. Schulze's High-C Greens Combination: Organic Coriander Leaf, Organic Parsley Leaf, Organic Kale Leaf

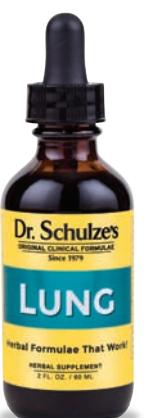

Botanical Ingredients Echinacea Angustifolia Root, Echinacea Purpurea Seed, Fresh Garlic Bulb, Fresh Habanero Pepper and Juice

ECHINACEA PLUS

- ✓ STRENGTHENS your immune system to better fight viruses, infections and diseases
- ✓ INCREASES the number of immune cells and immune chemicals in the body and bloodstream
- ✓ The most POWERFUL and EFFECTIVE Echinacea blend available

LUNG TONIC

- ✓ PROMOTES clearer breathing by opening up respiratory passageways
- ✓ SUPPORTS the body's need to cleanse through coughing

Botanical Ingredients Lobelia Leaf and Seed, Elecampagne Root, Coltsfoot Leaf, Horehound Leaf, Licorice Root, Kola Nut, Coffee Bean, Cherry Bark, Thyme Leaf, Fennel Seed, Peppermint Leaf Essential Oil

Botanical Ingredients Echinacea Angustifolia Root, Echinacea Purpurea Seed, Garlic Bulb, Habanero Pepper, Peppermint Leaf and Essential Oil, California Fig Concentrate

THROAT & TONSIL

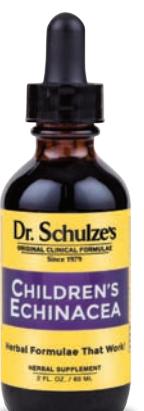

- ✓ STRENGTHENS your natural immune defenses against colds and influenza
- ✓ HELPS get rid of micro-organisms that invade your body, especially during winter months

Botanical Ingredients 100% pure essential oils of Eucalyptus, Grapefruit, Lime, Lemon and Orange

CHILDREN'S ECHINACEA

- ✓ Keeps kids HEALTHY and STRONG
- ✓ STRENGTHENS your natural immune defenses against colds and influenza
- ✓ TASTES great

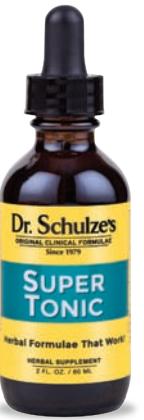

Botanical Ingredients Echinacea Angustifolia Root, Echinacea Purpurea Seed

AIR DETOX

- ✓ DESTROYS airborne bacteria, viruses, pathogens and antigens on contact
- ✓ DELIGHTFUL eucalyptus/citrus scent lifts the spirits and clears the mind

SUPER-TONIC

- ✓ DESTROY harmful micro-organisms on contact, especially during winter months
- ✓ NATURALLY supports clear and open sinuses and lungs
- ✓ STARTS working immediately

Botanical Ingredients Fresh Habanero Pepper, Garlic Bulb, White Onion, Hawaiian Yellow Ginger Root, Horseradish Root

DAILY ORAL THERAPY

- ✓ ANTISEPTIC and DISINFECTANT for the teeth, gums, throat and tonsils, killing bacteria, fungi and viruses
- ✓ PREVENTS plaque build-up and FRESHENS breath

Botanical Ingredients Echinacea Angustifolia Root, Echinacea Purpurea Seed, Tea Tree Leaf, Thyme Leaf, Bayberry Root Bark, White Oak Bark, Peppermint Leaf, Peppermint Oil, Wintergreen Oil, Licorice Root, Habanero Pepper, Cinnamon Bark, Clove Bud, Garlic Bulb
